MABUG 2019

NEW VL NAVIGATION & HIGHVIEWS

VERSION: VL19.010

TOPICS

- Overview
- Demonstration:
  - New VL Menu Navigation
  - HighViews
- Questions and Answers

Overview:

Background:

- Menus and HighView uses "Flash".
- Flash is nearing "End of Life"

Scope / Options:

- HighViews have been re-written with Industry Standard Tools
- The New HighViews:

- Are a "Drop-In" replacement for Sites with Version VL13.010+

- Sites < VL13.010 receive the same HighView and also "New" ..

- MyViews (replaces Persistent/Transient Views),

- One-Clicks and

## - Many new HighView Groups.

Benefits:

- Increased Emphasis on Data and
- Additional Ergonomic Features (for Ease of Use).
