3PL SOFTWARE SOLUTIONS

WWW.MAVES.COM

## HISTORY

With over 46 years of experience and over 500 distinct multi-client 3PL implementations, our collective knowledge base enables us to be true business partners with our customers.

## EXCLUSIVELY 3PL

Our focus is on providing a powerful 3PL product solution. ViewPoint Logistics™ is a complete 3PL management suite. 3PL is all we do!

## 20/5 VISION

20/5 is the vision of the MAVES Eagle with its unique near/far capability to focus on small details from great distances!

## NOTHING LOST

Our ViewPoint Logistics™ software suite allows for full visibility across your operations. Lost inventory, lost time, lost shipments = lost revenue.

## NO PROBLEM

We understand that your client's 3PL needs are becoming increasingly diversified - so should your software!

## EVOLUTION

Our software suite is constantly evolving with new feature sets to meet changing 3PL industry trends and helps you keep pace with customer needs.

## SERVICE

From project inception to project wrap up, we adhere to strict quality procedures ensuring one thing. Your continued satisfaction as our customer!

## SUCCESS

We are committed to helping you achieve success. Our partnerships with our clients are based on transforming 3PL requirements into working realities.
